Dear Mr Moxham,

Thank you so much for collecting donations for HEART UK and raising £38.60. HEART UK receives no government funding, and so without the generosity of people like you we would not be able to continue our vital work.

Over half of all adults in England have raised cholesterol. HEART UK - The Cholesterol Charity - is the only charity in the UK dedicated to supporting those with raised cholesterol and other blood fats - and supporting the healthcare professionals treating these conditions.

We aim to prevent avoidable and early deaths caused by high cholesterol and cardiovascular disease. Our helpline, run by specialist dietitians and nurses provides much needed help advice and support to those with raised cholesterol.

We are committed to raising awareness about the risks of high cholesterol, lobbying for better detection of those at risk and supporting health professional training. Your donation will go towards helping to provide these crucial services.

Please do not hesitate to contact me if you would like any further information about HEART UK and once again, thank you so much for your support, it is very much appreciated.

Yours sincerely
